

Charter Chatter

June 2022

Association of Charter Schools Education Services

Executive Director, Christy Takacs

We have had a staff change at ACES that we wanted to share. Our Maintenance Program Manager, Laurence Romero, has officially handed off responsibility to Tammy West. You can learn more about her below. In his short time with ACES, Laurence has enhanced our Maintenance Program with his insight and experience. We appreciate his work and wish him the best! For anyone interested in learning more about participating in the Maintenance Program and how it could benefit your school, Tammy would be glad to meet with you to discuss how the program works. Feel free to reach out to her at 575-626-1970 or by email at m.a@nmaces.org. As our Procurement Manager, Tammy has already been working with ACES in renewing our food service and cafeteria food contracts. We have plans to develop contracts for new services that have not been previously available through ACES. We are excited about the potential of growing the list of services available to schools! Speaking of services, as you are preparing for the upcoming year we wanted to highlight our Technology vendors! We have two great companies who are here to support your IT needs. Reach out ANYTIME. We are here to support you!

Introducing New Staff!

Maintenance and Procurement Program Manager - Tammy West

Tammy is a native New Mexican. She spent her childhood growing up in Albuquerque's South Valley. Her family moved to the Edgewood area when she was 14 where she attended and graduated from Moriarty High School. After working for some time in the private sector, she moved to Roswell in 1990 and continues to call it home. Tammy worked for Chaves County Government for 25 years and served as Purchasing Director for the majority of her time there. After retiring from the County,

she has worked through her own company, Westt LLC, as a Public Procurement Consultant and Educator with clients across New Mexico. Tammy West has joined the ACES team as Maintenance and Procurement Manager. Some of you may already know her as an instructor through the NM EDGE program. Upon taking the position with ACES, Tammy says that she very much looks forward to her position with ACES and focusing on directly assisting and supporting New Mexico schools. In her spare time, Tammy enjoys amateur wildlife and nature photography and spending time with her husband Joe and their grandchildren. Welcome to the ACES Family, Tammy!

Charter Leaders

Quick reminder - if you have changes in leadership at your school please let us know so that we may update our records!

Vendor Highlight - LDD Technology Services

LDD is a trustworthy and experienced IT support and solutions company in New Mexico. We have been serving our community in Albuquerque, Rio Rancho, Santa Fe and Belen since 2003. With LDD on your side, you can focus on your business priorities while our professional team handles every aspect of your technology— think of us as your virtual IT department.

- Expertise in compliance including CMMC
- Prompt response times
- Satisfaction guaranteed

We handle all aspects of your IT infrastructure including hardware and software management, vendor relationships for your internet connectivity, website management and maintenance renewals, and any other technology-related needs. We focus on your IT so you can focus on your business.

[Network & System Monitoring](#)

When your computers and network are trouble free, you can focus on your business and not the technology behind it.

[Cloud Computing](#)

LDD can save you time and money by creating a one-stop shop print per page cost, that will simplify your bill. A recommendation will be provided to decrease your overall cost.

[Business Phone Systems](#)

Upgrade your existing phone systems with advanced communications features while reducing costs with our 3CX VoIP Phone Systems.
