

ACES Insights

May 2024

Christy Takacs, Executive Director

ACES currently has two live RFP's. One for **Handyman Services** and the other for **Unarmed Security Personnel Services**. Our hope is to award multiple contracts so our member schools will have choices across the state. If you have a company that you would like for us to contact for either service, please let us know. The deadline for Handyman proposal submission is June 13th and the deadline for Security Personnel is June 18th. **We NEED evaluators!** If you or someone at your school could help out, please let me know. It shouldn't take more than a couple hours of your time. We have just added **Patti Kravitz to our Cadre of Professional Services**. She is available to provide valuable professional development and support in a variety of ways. You can learn more about her and her services below. ACES ability to meet your needs, fill in gaps, and provide services that support your school is continuously growing. Be sure to check out our new website to learn more. Please reach out to us to inquire about how we can help!

ACES Employment Services Offer

It's that time of year when it's time to hire new staff! If you haven't taken advantage of ACES Employment Services and are interested, reach out to Sharon at jobs@nmaces. Start now and get the month of June free! Jobs are posted on multiple platforms and resumes will be vetted for quality candidates that you can interview. Reach out for more information!

New Cadre Highlight: Patti Kravitz

Greetings!

My name is Patti Kravitz and I have been in Education for over 18 years as a Special Ed Teacher, PE Teacher, Dyslexia /Reading Interventionist & School to Work Coordinator.

I believe *we are here to help each other make it through each day and I chose to support children with becoming successful and confident readers & writers.*

The Program I use is *The MaxScholar Science of Reading Online-Offline Orton Gillingham program.*

I have been using it as a classroom teacher and tutor for 3.5 years watching students soar in their foundational phonemic awareness, spelling, reading, & writing. MaxScholar was created by Dr. Deborah Levy who is known world-wide in the Dyslexia- Special Education Industry for over 40 years and who worked directly with Diana King who was Anna Gillingham's protégé. The MaxScholar online-offline program is consistent with meeting each student individually providing them the ability to *"work as fast as they can successfully or as slow as one must for success".*

I provide Professional Development Workshops, 1 on 1 or up to 3 students contract services on-site or virtually, & on-site Instructional Coaching.

Clearly Clean Janitorial Service

Vendor Highlight: Clearly Clean

As the 2023-24 school year comes to an end, I wanted to reach out and give you a quick introduction to who CCJS is and our capabilities as a commercial cleaning partner: We are a local (Rio Rancho based) small business, minority and service-disabled veteran owned company. We specialize in commercial, medical, school and government facility cleaning and would love the opportunity to partner with you. We clean several facilities and clean rooms on Kirtland AFB, Sandia Labs and Los Alamos Labs.

We also service: Christus St. Vincent Medical clinics, Gibson Medical Center, Presbyterian, Isotopes Ballpark, and Denver International Airport. Schools we currently service include: Bosque School, Hope Christian Schools, MAS Charter Schools, Solare Collegiate, SAMS Academy, Gilbert Sena Charter, and ACES Technical Charter. Our focus is on maintaining proper and consistent staffing and we accomplish this by paying our employees above minimum wage (while still offering competitive pricing) and focusing on proper training and mentorship from their supervisors and managers. We take care of our employees because we want the best. We also pride ourselves on our relationship building with our customers. We want to be involved and have monthly facility inspection report logs and we are pro-active about finding and correcting any issues immediately. We want you to be our partner, not just a contract. We are in a unique position to staff, even with all the hiring difficulties that all industries have had recently, as we have our own in-house recruiting team and partner with NM Horizons, NM Workforce Connections, Goodwill, Lutheran Family Services and DVR to help us staff and place employees. You can get more details, info and quotes from me or feel free to setup a meeting to discuss more. I look forward to hearing from you.

Paul Short
