

ACES INSIGHTS MONTHLY NEWSLETTER - OCTOBER 2026

~ Note from ACES Executive Director, Christy Takacs ~

At ACES, we're continually working to expand the resources and services available to our members. We are currently soliciting proposals for **Minor Construction Services**, with a scope that includes ***playgrounds, parking lots, pre-engineered structures, and interior adaptations***.

Looking at the near future, we plan to release RFPs for **Landscaping and Tutoring Services.** Please let us know of any vendors you would like for us to contact about the opportunity to contract with ACES via **this short poll**.

All of our solicitations are posted through the **ACES Procurement Portal** hosted by Beacon. This is where vendors will be able to review and download any of our solicitations and submit bids or proposals when interested. Just click on the "Register for Alerts" tab to register for free as a vendor with Beacon and an email will be sent to notify of any opportunity to contract.

Today, ACES has **75 active contracts** covering a wide variety of products and services, giving our members more options and opportunities to meet their needs. I encourage you to visit our **website**, where we keep our information up to date and make all active contracts available for easy access and download.

Please don't hesitate to reach out to our team with questions or if there's something you're looking for. ***We're here to support you, and your feedback helps us continue to make ACES a valuable resource for our members.***

In memory of Dolores Huerta
"Sí, se puede"

"Lock it down: Smart internal control basics for every team!" Click to sign up! Nov. 11th at 10AM

Treats!)

"Lock it down: Smart internal control basics for every team!"

Tammy West, ACES Procurement Program Manager, will cover:

- **The Essentials:** A clear breakdown of what internal controls are and why they matter.
- **Risk Prevention:** Practical strategies to identify gaps and prevent fraud or errors.
- **Real-World Application:** How to implement checks and balances.
